

Ceiling Systems

Office Ceilings

Self supported white faced minaboard style ceilings are available for both Single Skin and Double Skin offices and workplaces. Ceilings can be supplied in all the standard styles and in a 1200x600mm or 600x600mm grid pattern.

Ceiling Support Beams

We can provide steel support beams to both mesh or minaboard style ceilings to give a clear span over an enclosure up to a maximum of 7.0 metres. Please contact us with your requirements and we will calculate what is required.

Mesh Ceiling

Integral mesh ceilings are available to complement the Mesh Partitioning System. Mesh ceilings can be in filled with either 50x50mm or 25x25mm weldmesh to create a secure enclosure.
